

NEXT-GEN NB-IoT Wireless Vape Detector

Indoor Vape Detection

**FAST
INSTALL**
in under 2 mins

NB-IoT cellular communication

Embedded SIM chip
with 5 years airspace
included

Global Coverage

Use on any NB-IoT
cellular network

Accurate Sensors

Highly accurate
calibration-free
Temperature sensors

Ultra Low Power

USB powered

Applications

 School, Colleges, any building

 Remote monitoring

 24/7 near real-time data

 Deploy anywhere

 Facilities management

Details

- ✓ 84mm x 84mm x 53mm
- ✓ Mounting plate included
- ✓ Includes SIM

Ordering

- ✓ **LPRSCS-NB-VAPE-USB**
With USB power supply & 3m cable

Why LPRSCS?

- ✓ UK designed
- ✓ Established 1985
- ✓ Wireless & sensing experts

Other Variants Available:

Temp, Humidity, Movement, eCO2

Legionella Sensing

Leak & Valve Control
